

# Earth Day Celebration April 22

# HOO HAA!!!

## What's the Hoo Haa??

It's spring! Come out and touch fertile ground. Reconnect with the good Earth that brings you the food you crave! For goodness-sakes, students, get out of the library and breathe some fresh air. All community members and children welcome. Please leave dogs and alcohol at home. Bring your own cups and forks!

Plant seeds, turn ground, see a chicken tractor, enjoy good food donated from local businesses. Melodious Funk will set the earth groove for this celebration.

**Directions:** Cross the Harrison Street Bridge and the farm is the second left. 5 minutes east of the Willamette River on Hwy 34.

Brought to you by a rockin' collaboration between the OSU Organic Growers Club, **Campus Recycling**, and the ASOSU Environmental Task Force

**Be there.**

**Saturday, April 22**
