* Indicates check variety.

¹ SQI is the Site Quality Index. The SQI is based on the relative performance of check varieties to historical means and the degree of variability found within each trial. See individual trials for more information.

¹ Quality rating based on data from the USDA Western Wheat Quality Laboratory.

* Indicates check variety.

¹ SQI is the Site Quality Index. The SQI is based on the relative performance of check varieties to historical means and the degree of variability found within each trial. See individual trials for more information.

¹ Quality rating based on data from the USDA Western Wheat Quality Laboratory.
